

Beurer FT 90 non-contact thermometer

Hygienic measurement thanks to infrared technology

Measurement without skin contact! The clinical thermometer measures body temperature, ambient temperature and surface temperature.

- Measurement of body, ambient and surface temperature
- Hygienic and safe – measurement without skin contact
- Measurement in seconds
- Infrared measurement
- Temperature alarm: from 38°C
- Displays measurements in °C and °F
- Sound control (On/Off)
- Measuring distance 2 – 3 cm
- 60 memory spaces (body temperature)
- Automatic switch-off
- Optional acoustic signal when measurement is complete
- Medical device
- Easy-to-read, blue illuminated XL display
- With storage box

Product designation	Non-contact thermometer
Automatic switch-off	yes
Low battery indicator	yes

Date and time	yes
Illuminated display	yes
Temperature alarm (display)	yes
Non-contact measurement	yes
Medical device	yes
Measurement of the surface/object/liquid temperature	yes
Measurement of room temperature	yes
Measurement of forehead temperature	yes
Protective cap/box for storage	yes
Acoustic signal	yes
Memory spaces	60
Can be set to °C/°F	yes
Product weight	approx. 82 g
Product dimensions	188 x 47.6 x 29 mm
