CHISON

Value Beyond Imaging

i6

Productive . Powerful . Popular

WWW.CHISON.COM

CHISON i6 an exceptional cart-based color doppler system with sensitive touch panel, helps to reduce user fatigue, creates the indeed clinical value for physician and sonographers, who make contribution to deliver the best patient care and precision diagnose at the fingertips.

OPTIMIZED ERGONOMIC

-- Efficiently at your fingertips

Easy start from TOUCH Panel to finish day exams.

- 19 inch LED monitor
  10.4 inch touch panel
- Keyboard
  with backlit
- CD / DVD
- 4 Probe
  Connectors

Touch panel

- Select preset
- Image adjustment
- Measure & Comment & Body mark
- Generate Report
- Image review

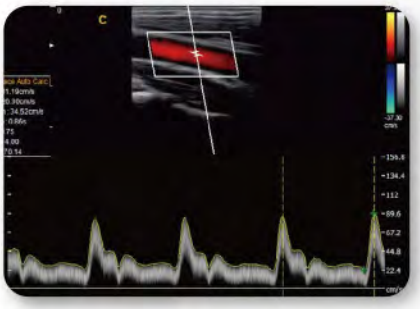
Wide Range Healt

Powerful 4D

Innovation technologies, surprised imaging,
No limited light source, 360 degree.

Curved Panoramic

Curved Panoramic Imaging utilizes pattern recognition and image synthesis to generate wide and flexible view to reveal more anatomic information for diagnosis.

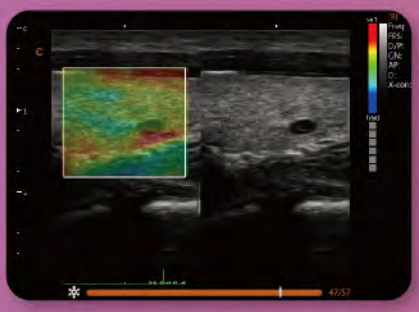


Quadplex

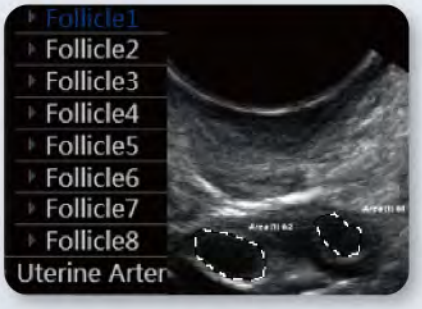
Quadplex combines B, color, and PW with automatic trace and measurement to help the user make diagnosis more conveniently and more accurately. Moreover, the three modes and measurement are updated in real time.

Elastrography

- Display the elasticity of different tissues in different color.
- Provide more clinical information, especially for breast tumor, thyroid, liver and prostate.
- Strain ratio measurement quantitatively gives the ratio between the average strain of the selected region and of the nearby normal tissue region.

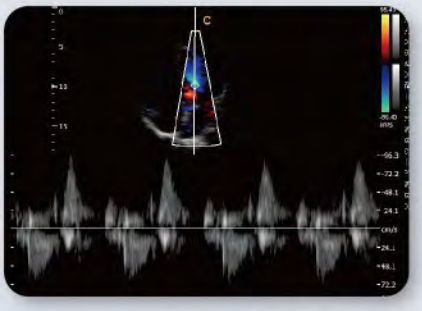


hcare Solution



Multi-follicle measurement

- Measure up to 16 follicles each time
- Quick and accurate measurement
- Convenient for the report management
- Improve the IVF successful rate



Continuous Wave (CW) Doppler

Detect blood flow with high velocity and help doctors diagnose with more clinical information.

4D/OB/GYN | ABD | Neonatal | MSK | Urology | Small parts | Vascular | General imaging

EXCEPTIONAL WORKFLOW

-- Focused on diagnosis

- Easyview™ for convenient review
- User-defined functions to fit your own work style
- Multiple output for quick data transfer（DICOM, DVI, VIDEO, VGA)
- Streamlined workflow for easy exam completion
